Education

Carnegie Mellon University — Pittsburgh, PA, U.S.
Master of Science in Machine Learning. — Aug. 2019 – Dec. 2020

Peking University — Beijing, China
Bachelor of Science in Computer Science. — Sept. 2015 – July 2019

- Major GPA: 3.81/4.00. Honorable Degree of bachelor of Science.

Experience

Research Assistant
Institute of Computer Science and Technology, Peking University. — Beijing, China
Advisor: Prof. Jiaying Liu, PKU. — May 2017 – June 2019

Proposed a joint low-light enhancement and denoising strategy based on a novel sequential Retinex decomposition concept, making simultaneous processing possible and improving visual quality. Explored a new issue of text effect assessment for estimating the quality of images generated by text effect transfer models.

Machine Learning Engineering
Google Beijing Office — Beijing, China
Google AI ML Winter Camp. — Jan. 2019 – Jan. 2019

Focused on the domain of image to image translation and realized local face attribute transfer on real human images in an unsupervised way, using cartoon images as a bridge. Trained and evaluated five different generative networks. Won the *Most Technical Award*.

Research Visiting
Center for Imaging Science, Johns Hopkins University. — Baltimore, MD, U.S.
Advisor: Prof. Alan Yuille, JHU. — July 2018 – Sept. 2018

Focused on visual representation learning in a self-supervised manner and built a recurrent solution to jigsaw puzzles of arbitrary permutations to transfer learned weights. Proposed a generalized coarse-to-fine model with progressive training strategy to improve stability and relieve over-fitting, which brings gains of $2\% - 10\%$ in a wide range of visual recognition tasks.

Teaching Assistant
School of Electronics Engineering and Computer Science, Peking University — Beijing, China
Director: Prof. Guoping Wnag, PKU. — Sept. 2017 – Jan. 2018

Taught major compulsory course *Introduction to Computer Systems*.

Honors

- Best Technical Project Award at Google AI ML Winter Camp — 2019
- Peking University Award for Academic Excellents — 2018, 2017
- Wang Shengdi Scholarship (top 10%) — 2018
- 8108 College Scholarship (top 10%) — 2017
- The Third Prize of Peking University ACM ICPC — 2017
- Peking University Award for Excellent Volunteers — 2016

Skills

- Program Languages: C/C++, Python, MATLAB, Lua;
- Deep Learning Framework: PyTorch, Torch.
